ABSTRACT

Creativity is a phenomenon in which a person is able to develop abilities, knowledge, possessed optimally, explore new things and develop sensitivity to the environment and people around him. Creativity can be created because it is built by several aspects such as intellectual skills, knowledge, thinking styles, personality, motivation, and environment. However, if these aspects are not met, then the creative thinking process can be hampered which ultimately results in a creative block that can stop the process of an artist's work.

This scientific paper reveals the creative block phenomenon that can also occur in final year fine arts students where they also experience the process of creating so that of course also the creative thinking process which can also be disrupted if the aspects of creative development are not fulfilled. The study was carried out by obtaining information from various parties, especially final year art students through interviews and questionnaires as well as literature review which in the end could obtain data on the creative block phenomenon that occurred in final year art students based on different factors with the tendency of aspects which is different from the 6 aspects of creativity that are not fulfilled.

By studying and understanding the causes of creative blocks experienced by students, of course, it will also make it easier to find solutions to deal with these problems, if it has been found what aspects are the cause of the problems can be quickly handled by correcting or fulfilling the aspects that are lacking, so the phenomenon The creative block experienced can be handled properly and students can continue their creative process again, of course, students are still under the auspices of the institution where they are studying, so of course they have a burden of demands such as assignments, especially final year students who are required to continue to process in order to fulfill the final assignment value for requirements. Graduation, so that creative blocks must be dealt with immediately so as not to interfere with the work process.

Keywords : Final year student, fine art, creative block.
